Client Declaration

I confirm that I must be able to demonstrate that I have incurred certain expenses in the course of deriving income, and that I must satisfy the SUBSTANTIATION legislation in relation to claims for work, car and business travel expenses. I must OBTAIN ORIGINAL RECEIPTS for deductions claimed for such expenses and keep them for minimum of 2 years (or 5 years if in business) from the date my return is lodged. The receipts must contain the following details:

- Name of the supplier
- Amount of expense
- Nature of goods and services (noting the specific type of items purchased or expenditure incurred)
- Date of expense and date of document

Penalties to apply with incorrect returns

I am aware of additional tax, penalty/general interest charges and possible prosecution action which could be initiated by the Australian Taxation Office if I lodge an incorrect tax return. There is also the provision of a safe harbour protection from penalties for taxpayers who engage a registered tax agent, therefore I must provide you with all relevant taxation information to enable accurate statements to be provided to the ATO.

Income from all sources in and out of Australia for the year of income

I cannot claim an amount which is not allowable for income tax purposes and I must declare income from all sources, in and out of Australia, including any net capital gains received during the year of income in my return.

Apportionment

Where items are used for both business and private purposes (eg. car, mobile phone, computer costs), I have kept appropriate apportionment documents to verify my business usage claim. I also confirm that my employer will acknowledge that it was necessary for me to incur such expenditure in earning my income.

Amendment

If an amendment is required (ie. changes to my tax return following lodgement to the ATO) caused by information I did not supply to Smartax when preparing my original tax return, I acknowledge that there may be additional charges to prepare and lodge an amended tax return, starting at \$50 + GST.

Declaration

- I may be required to verify any income or expense item noted in my return in an audit situation
- I have disclosed all the income, including net capital gains, which I have earned or received for the financial year
- All the claims for deductions and tax offsets which have been included in the returns are based on my specific instructions and advice that I satisfy the relevant taxation requirements
- I have all receipts & documentation necessary to substantiate my claims and will make available if required by the ATO
